

Lysophosphatidic Acid LPA6 Signalling vs 104 random sets

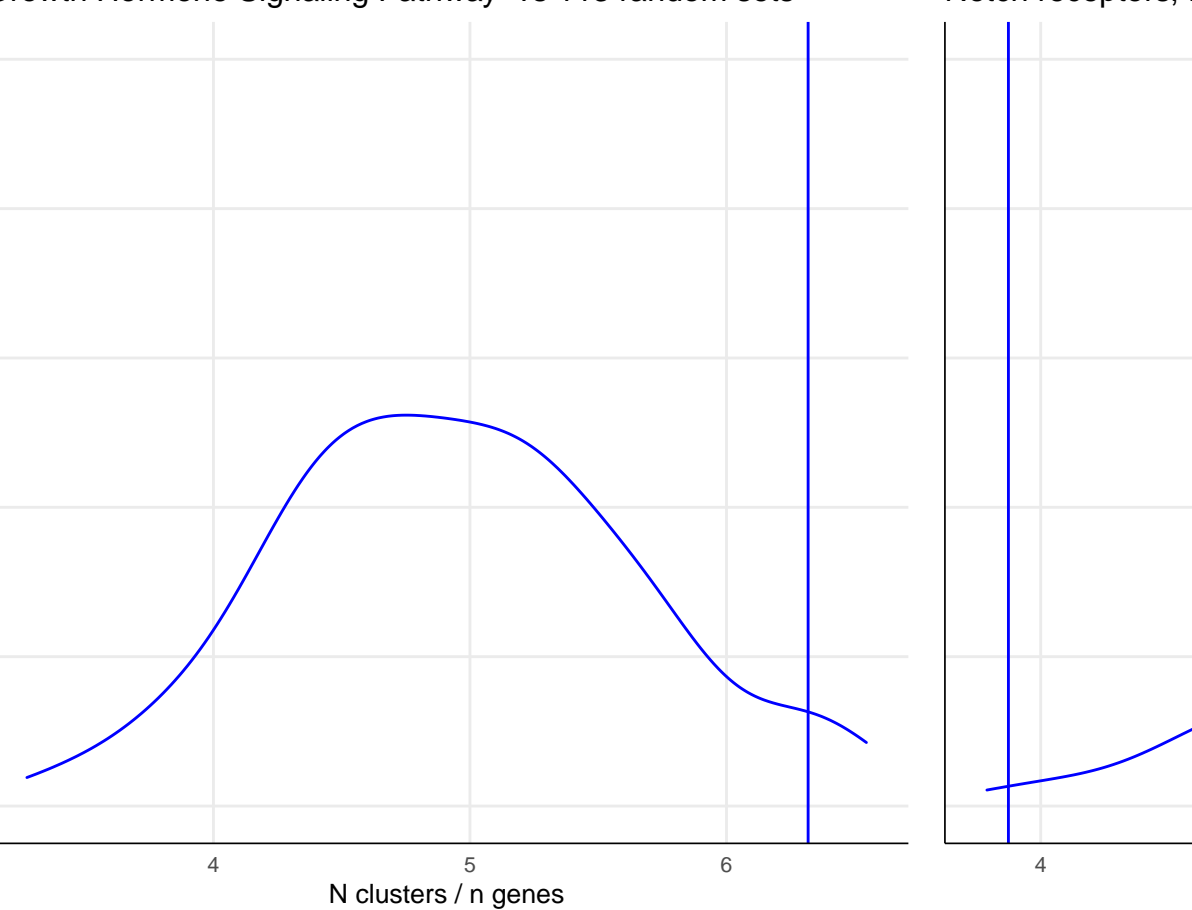

Rac 1 Cell Motility Signaling Pathway vs 97 random sets

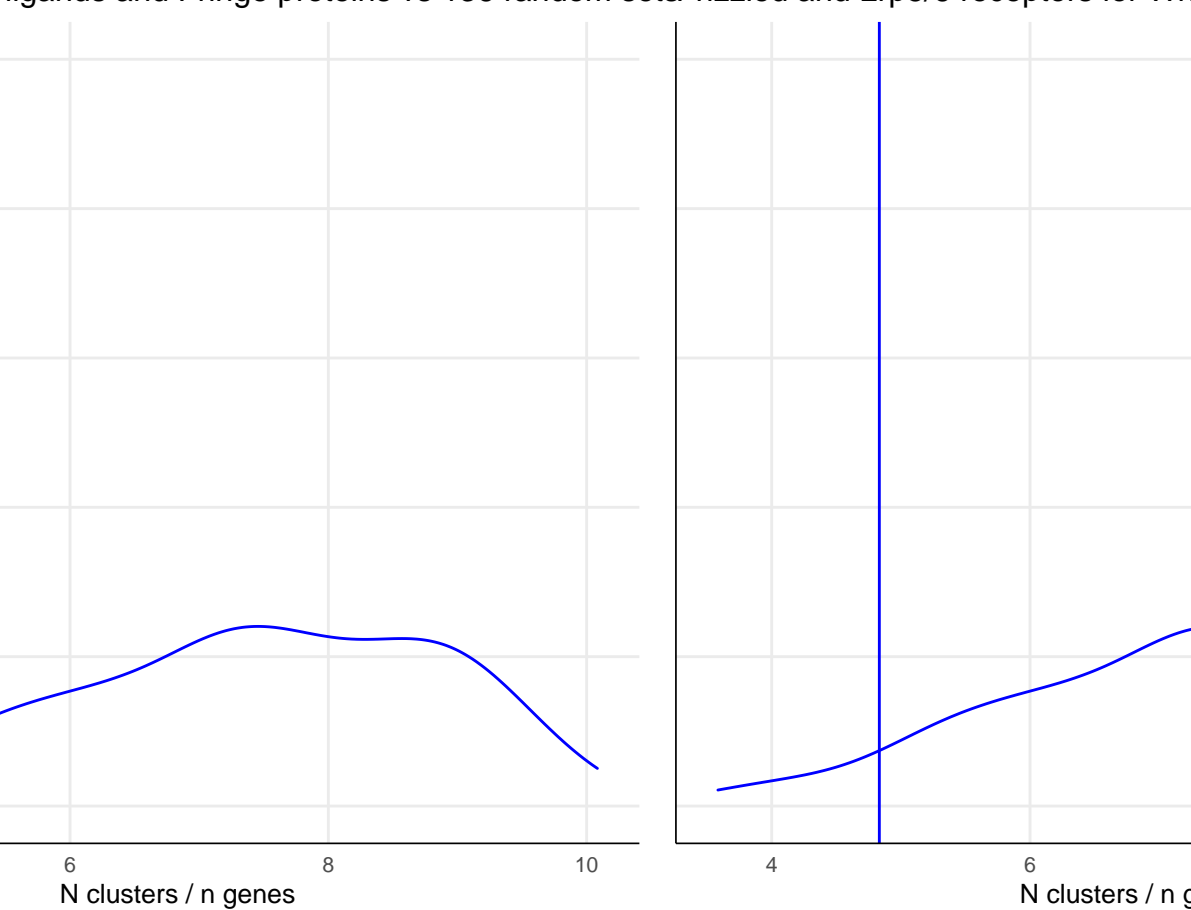

Cadmium Induces DNA Synthesis and Proliferation in Macrophages vs 104 random sets

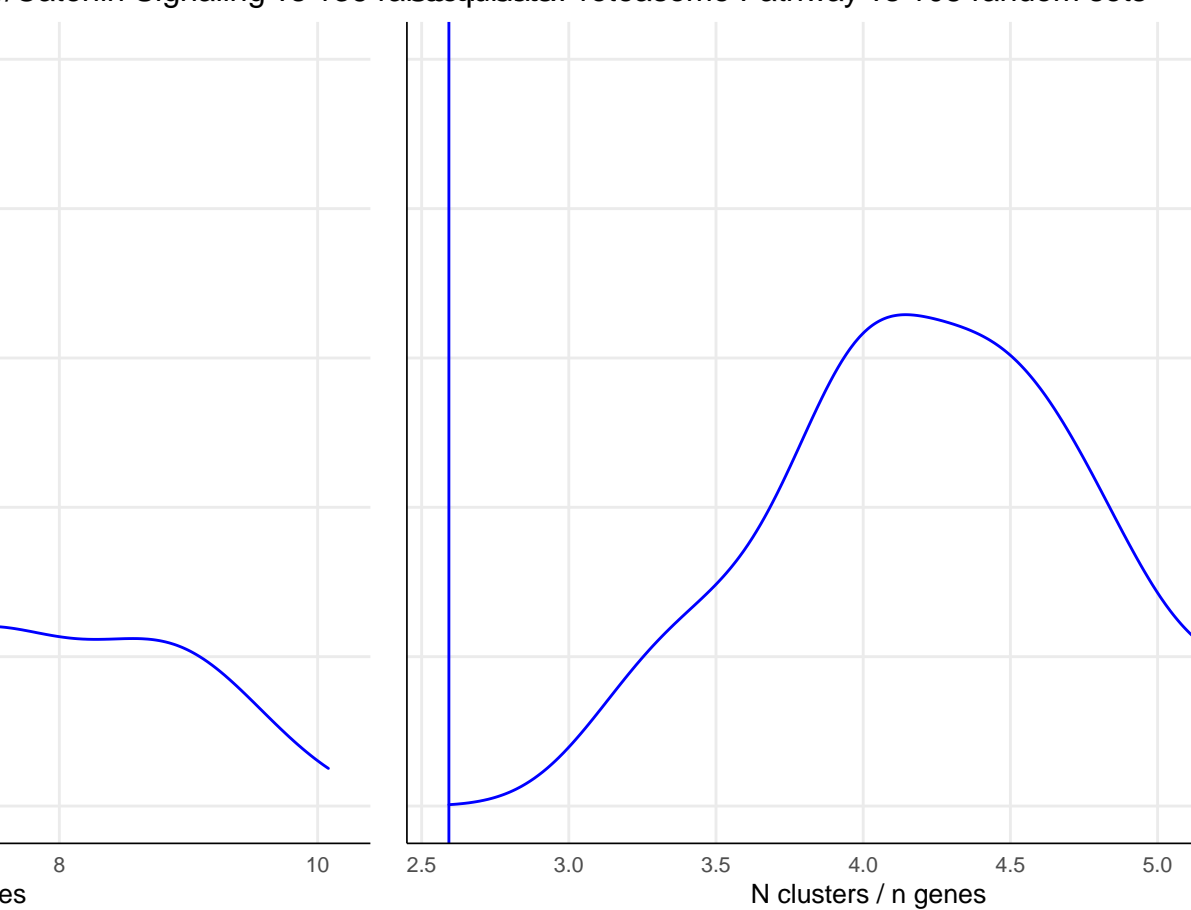

Apoptotic DNA Fragmentation and Tissue Homeostasis vs 104 random sets

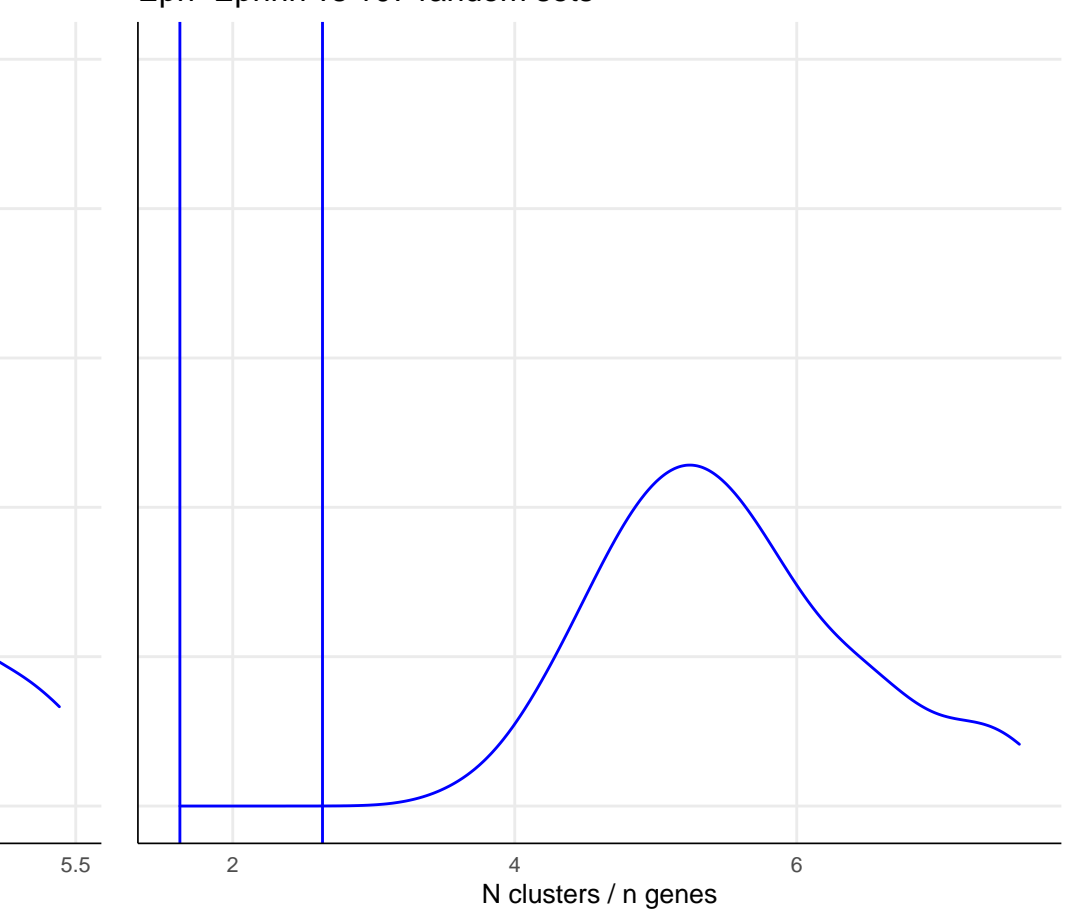

Oncofetal Fetus Signaling Pathway vs 88 random sets

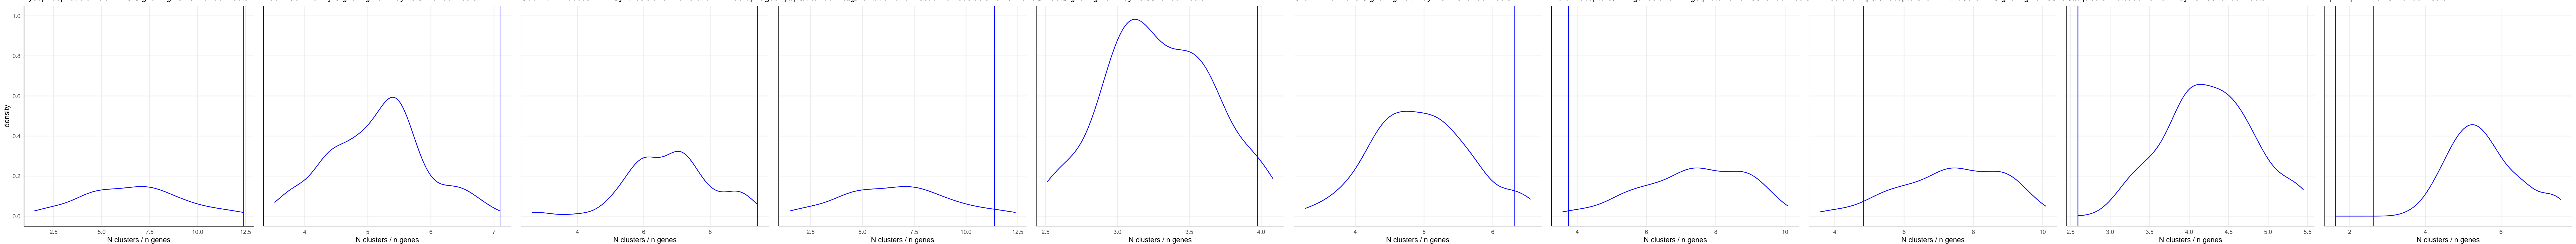

Growth Hormone Signaling Pathway vs 113 random sets

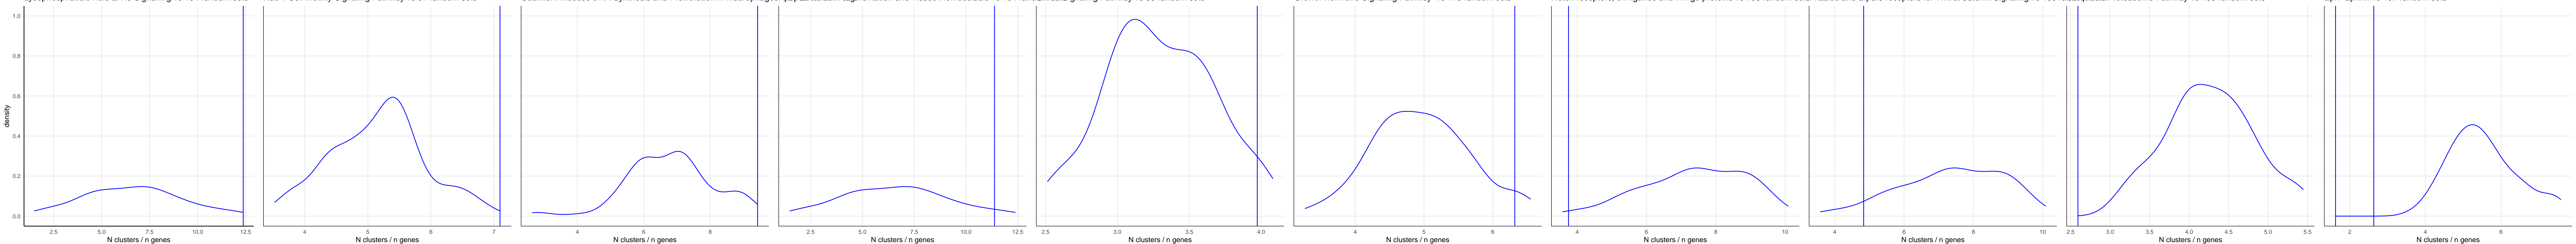

Notch receptors, Dll ligands and Fringe proteins vs 136 random sets

Frizzled and Lrp5/6 receptors for Wnt B/Catenin Signaling vs 136 random sets

Ubiquitin Proteasome Pathway vs 108 random sets

Eph-Ephrin vs 107 random sets
